

VILLAGE OF RED HOOK WATER DISTRICT
7467 SOUTH BROADWAY
RED HOOK, NY 12571
845-758-1081
APPLICATION FOR WATER SERVICE

Application is hereby made to the Village of Red Hook for water service to my property in the Village of Red Hook Water District. If service is approved I hereby agree to abide by the rules as listed.

1. Residential applicant to install service (3/4 K Copper) from curb box to house at a minimum depth of five (5) feet below final grade. Water Superintendent, prior to covering, will inspect service line.
2. Assume responsibility for maintenance and repair of all service lines not installed by the District.
3. Restrict service to the original building under this permit.
4. Provide for proper placement of water meter as follows:
meter to be located in accessible location (no garages or crawl space), with a good quality gate valve before meter and a silent check valve after the meter.
5. Commercial applicant to consult with Engineer on specifications and costs.
6. Notify the Village of Red Hook when the building is ready for occupancy and furnish correct name and current address of owner.
7. Water will not be allowed to be turned on/off at curb except by Water District personnel or with specific permission of District Superintendent.
8. Accept service and abide by rules and regulations now in force or shall become effective.
9. Allow for the inspection or testing of meters by District's personnel as required during reasonable hours.
