

**VILLAGE OF RED HOOK
WORKSHOP MEETING
9-17-09**

Present: DM Blundell, Trustee Trapp, Trustee Kovalchik, Trustee Seymour

Trustee Seymour stated that it is vital to the Red Hook water system to drill more wells. A considered new site is Abraham's Park – the health department is in favor of this location. Trustee Seymour has spoken to the Abraham's family and they were informed that the wells would be in the north/west corner of the park and the wells would be buried and have plantings for cover. It's possible for the Village to buy into the Town water system.

DM Blundell will draft a letter to the Village Attorney Kelly Flood-Meyers to attend workshop meetings.

DCCBG 2010 will be marked for water repairs. MA Day is currently completing the application.

Supervisor Crane will be contacted in regards to the status of the sidewalks to the recreation park.

Trustee Blundell made a motion to adjourn. Trustee Kovalchik seconded. All were in favor.

Submitted by,

Cynthia Cole
Clerk/Treasurer
