Present: Steve King

Steve King proposed signage on the canopy which already exists. Member Towle asked if his lettering was already there. Mr. King said no, just window signage. Mr. King said there would also be a hanging sign. Member Pearson asked if he would be using the same bracket. Mr. King said yes if that bracket can be used. Member Towle asked that due to the sign being lower if the sign swings. Mr. King said no it would be a fixed sign. Member Towle said his concern was that with movement it could swing which could affect the passage way. Member Pearson asked Mr. King to look at the KDA sign. Mr. King advised that Mobile Graphics would be installing the sign. Member Pearson suggested that Mobile Graphics look at the KDA sign to make sure that sign does not swing as well. Member Pearson indicated the square footage of 2.25 is acceptable. Member Pearson asked if the canopy needed to be taken down to add the lettering. Mr. Kind advised no. Member Pearson asked about material. Mr. King advised Lusterboard. Member Pearson asked about lighting. Mr. King advised no lighting. Member Pearson asked the Board for any other comment.
